Pearltec Multipad Positioners

The MULTIPAD range of products from Pearltec are positioning cushions that can be used anywhere because their size can be changed by simply increasing the volume of air with the hand pump. MULTIPADS are used to position the patient individually and comfortably during CT and MR examinations. This results in less patient movement thereby minimizing motion artifacts.

As a guideline, once the red indicator line appears on the Multipad, the customer needs to re-order positioners.

MRI Therma-Soft30 Foam Ear Plugs

NRR=30dB - Tested at an independent A NVLAP accredited laboratory, manufactured from super-soft PVC for it's unique performance characteristics. New and improved foam responds to body heat by getting softer with use. The only foam specified by the United States Military. Optimal "recovery time" allows for deeper insertion, more secure fit and less "backing Out" which is particularly important for those with smaller ear canals. Made in the USA
